CFI IS CANADA'S NATIONAL FILM LIBRARY

SIR GEORGE WILLIAMS
UNIVERSITY

With well over 10,000 films in our library, the need for up-to-date information describing all facets of film is an important task at CFI. Margaret Britt, in charge of CFI's Library and Information Service, has recently prepared 36 new film listings and revised 8 film listings covering many of the films which are deposited in our collection. All lists are free to members of the Institute; non-members should include twenty-five cents for any three lists; the Boy Scouts of Canada catalogue is available for thirty-five cents.

New Film Listings

Forestry & Pulp and Paper
Natural History and Wildlife
Films for Youth Groups
Films on Education
Boy Scouts of Canada
Venereal Disease

Revised Film Listings

Child, Home & Vacation Safety
Co-operatives
Fishing & Hunting
Productivity
Sales Training
Domestic Animals
Supervisory Training
Labour Relations

Requests for information about films not covered by these lists should be directed to Mrs. Margaret Britt.

SCIENCE CONGRESS AND FILM FESTIVAL A FIRST FOR CANADA

Delegates from 22 countries recently attended the 21st Congress and Film Festival of the International Scientific Film Association in Montreal. This event was the first meeting of the Association held in North America. Hosted and organized by the NATIONAL SCIENCE FILM LIBRARY of the Canadian Film Institute, under the auspices of the National Research Council, the Festival included approximately 60 film presentations.

NEW FACES FROM DIFFERENT PLACES

CFI's solid reputation for service is nation-wide and good service is a reflection of good staff. We're now up to 30 and still growing. May we introduce.....Connie Kuhn, CFI's new Office Manager. Connie comes to CFI after 11 years with the National Film Board; nearly seven of those years as a travel film librarian in the New York office.

Eunice Barron, from London, England, takes over as our Assistant Office Manager and brings a wealth of administrative experience to our expanding operation. Most recently, Mrs. Barron was a member of the South African Council for Scientific and Industrial Research.

.....more

In the area of the Institute's French language service, Louise Théoret joins our film library staff to assist all users of French language films in Canada.

CANADIAN FILM AWARDS - 19th ANNUAL PRESENTATION A SUCCESS

NATIONAL FILM THEATRE

Fall programmes of the NFT (which is operated by CFI's Canadian Film Archives) began in Ottawa in September with a screening of Peter Watkin's controversial *THE WAR GAME* and are continuing with a series devoted to recent films from Czechoslovakia. Milos Forman, Czechoslovakia's most well-known film-maker, visited and spoke at the National Film Theatre on October 13th.

The National Film Theatre in Toronto begins its new season on October 18th with Milos Forman in attendance.

DATELINE CFI

Did you know there is a newly-formed CANADIAN SCIENCE FILM ASSOCIATION? Its aim, to bring together all areas of interest in scientific film in Canada, including university research scientists and film-makers.....further information may be obtained from Canadian Scientific Film Association Secretariat here at CFI.....*JOURNAL FILMS*, now represented in Canada by CFI, have many excellent productions in all areas of education.....possibly their best is *ANIMAL REPRODUCTION*.....a life science film for primary and intermediate grades.....write to CFI's Sales Division for a preview today.....it's been said that to get a job done, give it to a busy man; at least he has less time to worry if he doesn't get it done.....*BUREAU OF NATIONAL AFFAIRS* now have an excellent series for management training, motivation and productivity... ..the *GELLERMAN SERIES*.....CFI has it and if you wish a preview, drop us a line.....if you know of anyone who isn't receiving his *BULLETIN*, why not let us know.....also, for those who still address CFI mail to our old Sparks Street address (of 7 years ago), please revise your mailing list to read 1762 Carling Avenue, Ottawa 13.....in closing, it isn't clear whether the fact that more people are living in it every day proves the world is becoming a better place to live.
